

# “THE INTIMACY OASIS”

With Dr. Nancy Sutton Pierce

## *Taking your intimate relationship to new heights of gratification!*

**Dr. Nancy Sutton Pierce (aka Dr. Nan), and her husband, Dr. Mark Pierce (aka Dr. Mark)** will be offering an intensive three-day program during Valentine’s week at Hedonism Resort in Negril, Jamaica. The Intimacy Oasis is designed to enhance your Hedonism experience and have lasting benefits for your relationship.

**A progressive program; each session builds upon the last.** You’ll learn unique techniques designed to create even more honest communication and deepen intimacy. Our intention is to create a space for you to feel free to ask for what you want, touch each other in new and more pleasurable ways, listen to more than words spoken, and build a relationship playground that will keep things hot for the long haul.

**The Intimacy Oasis** is a perfect way for couples new to Hedonism to gain confidence in navigating this culture ready to enjoy all the delights (and occasional challenges) the Hedo experience has to offer.

**The experience of Hedonism** can deepen love, commitment, enjoyment, passion and more if we have the necessary tools and a healthy approach. It’s also a great way for the seasoned Hedonist to reframe their individual and relationship’s intention for their current and future Hedo experiences.

**The Program will officially begin Monday Feb 10.** There will be two sessions per day - late morning and late afternoon. The third day we will combine both sessions from 10:30am - 1pm. Dr’s Nan & Mark will be available for informal check in’s through the 15<sup>th</sup> - and available for private counsel by appointment.

Dr. Nan & Dr. Mark arrive on Saturday Feb 8<sup>th</sup> and will be available to ask more questions about the details of this experience Saturday evening and Sunday throughout the day. Contact through WhatsApp or find them on site and buy them a drink!

**NOTE:** Please know this program, although there are some group discussions, the hands-on playshops will be only with the partner you bring.
