What wisdom
would you you
share with
your younger
self?

LISTEN. LEARN.

How has your
relationship
with intimacy
evolved over
time?"

How do you
nurture
friendships &
connections at
this stage of
your life?

What early
messages about
womanhood or
sexuality still
influence you
today?

LEAD. INSPIRE.

How do you
celebrate
your unique
journey?

Is your
Picker
working
for you?"

How do you
define success
at this point in
your life?

*Conversation led by Dr. Nancy Sutton Pierce,
Clinical Sexologist & Intimate Communication Specialist*

Cost: FREE (Gratuities not required, yet appreciated)
